Pricing for Custom Greeting Cards (download PDF)

Special Notes Regarding your Session

- Approximately two weeks following your session, your portrait proofs will be available for online viewing.
- Orders submitted within two weeks of the proof availability will receive 24 FREE wallets.
- A 25% late fee will be added to all orders submitted after the online album has expired.
- Each additional outfit change is \$25.
- The most flattering lighting occurs in the early morning and evening hours. Portrait sessions are scheduled during this time.

Preparing for your Session

Avoid stripes and plaids; solid colors photograph much better. Avoid large prints or patterns that detract from your face. Bare feet or dark shoes photograph better than sneakers.

Bring anything that exemplifies your personality. This may include anything from your favorite t-shirt to a sport uniform. In addition to special clothing, feel free to bring along some props. A tennis racket, guitar or even your dog make welcome additions to this special time.

Policies

The portrait fee is required at the time of the session. Payment is required with all orders. Personal checks and cash are accepted. Sales tax will be added to all purchases.

Copyright
